

GET MORE DONE, QUICKLY AND EASILY

Powerful, fast, and easy to manage, the Lenovo V410z all-in-one PC is ready for business—allowing you to open files, run apps, and multitask effortlessly. This stylish AIO is designed to show your professionalism with its borderless 21.5" display boasting anti-glare technology—enabling you to focus on getting more done. Adaptable to your working style, the tilt-and-swivel function is ideal for collaborating. Also equipped for quality video conferencing, you can choose to rotate the camera away from you, when you wish to remain private. All this, plus energy-efficiency and enhanced security to protect your business data—it's a performance your business can count on.

WHY YOU SHOULD BUY THE LENOVO™ V410Z AIO

Powerful Performance

Make employee productivity your first choice with up to an Intel® Core™ i 7th generation processor. Together with Dual SSD and HDD storage, plus optional M.2 PCIe SSD—multimedia, graphics and other intensive tasks are a walk in the park.

Anti-glare Design

With a 21.5" anti-glare screen, roughened at a micro-level to help scatter light, unwanted reflections and haziness are reduced—helping you to concentrate on your work.

Protect Your Data

Desktop or thumb drive, Lenovo Business Vantage encrypts your business data for enhanced protection. With just one click, choose to erase data completely without fear of someone else recovering it.

Go Green

Engineered for energy efficiency, the V410z has Energy Star 6.1 and GREENGUARD® certifications—using less power, and saving on lower utility bills.

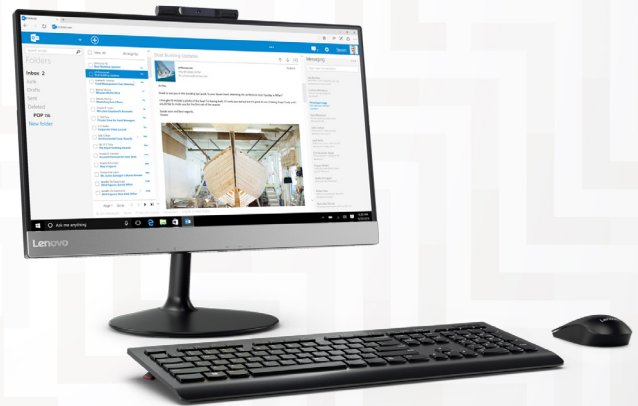

Exceptional Memory

Choosing optional Intel® Optane™ memory allows you to install or open apps without delay, open files instantly, and switch between programs seamlessly.

Hide Your Camera, Keep Your Privacy

Fear of camera hacking? Simply rotate the camera away from you with a flick of your finger—and your privacy is protected.

WHO NEEDS THE LENOVO™ V410Z AIO?

- 1** Small business owners looking for the right tool for the job, who appreciate an easy way to meet their needs without having to worry about reliability, performance or security.
- 2** Busy professionals who rank performance and productivity highly, and buy the most current technology to keep for as long as possible for maximum value.
- 3** Concerned about security, small business users are reassured by up-to-the-minute security features that keep sensitive business data safe.
